Subject RE: EPA grant of extension and revision to definition of  
Properties 📎

Hello, David and Nicole. Attached is EPA's letter granting an extension of time for responding to the 104(e) information requests, agreeing to revise the scope of the request, and agreement to the list of properties that the Port will provide responses about. Please note changes made to the list as discussed with David yesterday. David, call me if you have questions. Technical questions should be directed to Kristine Koch.
